(AUG. 26)—Six of the country's top ten newest Geodetic Engineers are from UP Diliman.

In the [latest results](#) of the August 2014 Geodetic Licensure Examinations released by the Professional Regulation Commission (PRC), Ivy Elaine Aguilar Cadalzo topped the exams with a rate of 89 percent.

Joining Cadalzo in the top 10 are Brent Niko Baltazar Dargantes (5th place, 86.60%), Alexis Richard Cervania Claridades (6th place, 85.40%), Marvy Bagarra Funtilon, Ben Hur Saculo Pintor and Therese Anne Montanez Rollan (all at 7th place, 85%).

According to the PRC, only 179 out of 479 examinees (37.37%) passed the licensure examination. Thirty-six of UPD's 37 examinees made the cut.

Registration for the issuance of the Professional Identification Card and Certificates of Registration is on September 1 and 2. The date and venue for the oath-taking ceremony will be announced later.
